Home Telephone: 651.440.4328 Mobile Telephone: 651.440.4328

Contract Owner's E-mail Address: jjharrisfam@gmail.com

[1] "Distribution" may be referred to as "Payment", "Withdrawal" or "Surrender."
[2] "Contract" may be referred to as "Policy" or "Certificate."

Type Of Distribution – Select **ONE** Distribution Option. If taking multiple Required Minimum Distributions from one Contract, please use option C.

☐ **A. TOTAL SURRENDER** (your Contract will be closed)

Important Information for Index-Linked Annuity, Index-Linked Variable Annuity and Fixed Indexed Annuity (FIA) Contracts. If a selection is not made, the default is No.

Do you want the surrender to be distributed on your anniversary date? For index-linked and index-linked variable annuities it is your Indexed Anniversary Date. For FIAs it is your Contract Anniversary Date.

☐ **Yes** (Lincoln will accept instructions within 30 days of the anniversary date)

☐ **No** (Distribute the withdrawal upon receipt and in good order)

☐ **B. Withdraw the available amount for my Living Benefit Rider.** For ***Lincoln Level Advantage 2 Income***[SM] contracts, with this option you will begin receiving Protected Annual Income, if eligible and not already started. An election to start receiving Protected Annual Income is irrevocable.

☐ **Withdraw the full amount available** (default).

☐ **Withdraw only _____% of my Income Base or Guaranteed Amount** (not available with *Lincoln Core Income*[SM] or *Lincoln Level Advantage 2 Income*[SM]).

☐ **Withdraw only _____% of my Protected Annual Income** (only available for *Lincoln Level Advantage* 2 Income[SM]).

Important Information – Required for contracts with a Living Benefit Rider or with *Estate Lock*[SM] Death Benefit.

Requesting a withdrawal under option C, D or E in this section could exceed the amount guaranteed through a ***Living Benefit Rider*** *or with* ***Estate Lock***[SM] *Death Benefit ("excess withdrawal"). If you are taking an Excess Withdrawal, you will receive a letter within 10 business days that details your new protected income.*

☐ **Yes** – I authorize the excess withdrawal and am aware of the potential negative impact to my Rider guarantees. You will receive a letter within 10 business days that details your new protected income. For ***Lincoln Level Advantage 2 Income***[SM] contracts that have not started taking Protected Annual Income, do you want to start taking Protected Annual Income with this withdrawal?

☐ **Yes** – Start my Protected Annual Income with this withdrawal (An election to start receiving Protected Annual Income is irrevocable).

☐ **No** – This is a pre-income withdrawal

☐ **No** – I do not authorize the excess withdrawal and want to withdraw the **remaining available amount** per the terms of my Living Benefit Rider for this benefit year. For ***Lincoln Level Advantage 2 Income***[SM] contracts, with this option you will begin receiving Protected Annual Income if eligible and not already started. An election to start receiving Protected Annual Income is irrevocable.

☐ If you have an automatic RMD payment option currently active, **by selecting this box you authorize the termination of the RMD payment option to process this new withdrawal.** You may re-establish an automatic RMD payment option, but could cause an excess withdrawal as it is no longer RMD friendly. It will become RMD friendly again at the start of the next calendar year. To set up a new program please submit a new automatic withdrawal service election form AN11745AWS.

■ **C. Withdraw $** 500.00

Do you want the amount received to equal the amount requested?

☐ Yes (Net) ■ No (Gross)

☐ **D. Withdraw annual free amount,** as stated in your Contract.

☐ **E. Required Minimum Distribution (RMD)** FOR THIS CONTRACT ONLY

☐ Current tax year (default) ☐ Previous tax year

Previous year end Fair Market Value: $ _____

Spouse's Date of Birth, if applicable: _____

We will only use the Fair Market Value provided if the Contract was issued within the current calendar year.

Indexed Linked Variable Annuity Contracts Order of Distributions (*Lincoln Level Advantage*SM contracts only)

The default distribution order is proportionally from all Variable Subaccounts then proportionally from all Indexed Accounts. By changing the default this may minimize the impact of withdrawals on the Crediting Base of your Indexed Accounts (the Crediting Base is reduced proportionally by the percentage the withdrawal reduces the Interim Value for a Segment).

☐ **Change the Order of Distributions.** Distributions will be deducted proportionally in the following order: Variable Subaccounts, 1-Year Indexed Accounts, multi-year Indexed Accounts.

Federal Income Tax Withholding Options – Select **ONE** option

Please be advised that your payment may be subject to federal income tax withholding. You have the right to make a withholding election by completing IRS Form W-4R for Nonperiodic Payments or Eligible Rollover Distributions, and submitting the forms to Lincoln at:

Email: AnnuityForms@LFG.com
Fax: 260 455-9427
Overnight: 1301 S. Harrison St., Fort Wayne IN 46802-3425
Mail: PO Box 2348, Fort Wayne IN 46801-2348

The forms can be found on the IRS website. **If no option is selected or you do not submit a valid form with your withholding election, Lincoln will apply the default withholding from your payment.** Please consult your tax advisor with any questions on tax withholding and how to complete the form.

As indicated above, your payment will be subject to Federal income tax withholding unless you elect not to have withholding apply. Withholding will only apply to the portion of your payment that is already included in your income subject to Federal income tax. You may elect not to have withholding apply to your payment by opting out below or returning the signed and dated IRS Form W-4R, as indicated above.

Your election is specific to this withdrawal request and will not replace your election on file for any Automatic Withdrawal Service payouts you may be receiving. You may update your election for an active Automatic Withdrawal Service payout at any time by submitting a new W-4P or W-4R form separate from this one-time withdrawal request.

If you elect not to have withholding apply to your payments, or if you do not have enough Federal income tax withheld from your payments, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient.

☐ Apply default withholding
☐ Withhold according to the attached IRS Form W-4R
■ Do not withhold federal income tax

Note: The default rate for a nonperiodic payment is 10%. The default rate for a periodic payment is the rate determined using a filing status of single with no adjustments. For eligible rollover distributions, the mandatory 20% will apply to your distribution.

State Tax Withholding Options – Select **ONE** option

State of residence: Minnesota

■ Do not withhold state income tax
☐ Withhold _____% state income tax based on **taxable portion of the gross distribution**
☐ Withhold $ _____ state income tax

- **Some states require their specific withholding form.**
- **State tax minimums will be automatically withheld if required.**

TAX WITHHOLDING CANNOT BE REFUNDED BY LINCOLN FINANCIAL

Important Tax Information

The IRS has issued guidance that affects your ability to take distributions from an annuity that is funded by a tax-free partial exchange from another Contract. Under the IRS guidance, if you take a distribution from either your prior Contract or your new Contract within 180 days of the exchange, the tax-free status of the exchange could be lost. You should consult your tax advisor to determine the tax implications of any withdrawal.

Important Note Regarding IRA Rollovers. The one-rollover-per-year limitation will be applied on an aggregate basis to all IRAs you own. You cannot make a tax-free IRA-to-IRA rollover if you have made such a rollover involving any of your IRAs in the current tax year. This limitation does not apply to direct trustee- to-trustee transfers.

Important Information – Please also refer to your Contract, prospectus, or disclosure document, as applicable, for complete information before requesting a distribution.

All Annuities

- Charges may apply if the withdrawal amount is greater than the free partial withdrawal amount, as stated in the Contract.
- If an automatic withdrawal program is in effect, it may be impacted by distribution requests.
- If an automatic RMD payment option is currently active and you do not have an active Living Benefit Rider on your Contract, it will not change or fluctuate due to additional withdrawals.
- If you have a Living Benefit Rider on your Contract, a withdrawal request received on the Rider Date Anniversary to take a distribution of the full amount available under the Rider (Option B) will be processed the next business day. Withdrawals in excess of the guaranteed withdrawal amount or prior to meeting the minimum age or waiting period requirement, are considered “excess withdrawals”, and will result in a permanent reduction of future guaranteed withdrawal amounts. If you are uncertain how an excess withdrawal will reduce your future guaranteed withdrawal amounts, then you may contact us prior to requesting the withdrawal to obtain a personalized, transaction-specific calculation showing the effect of the excess withdrawal.
- Withdrawals will reduce the death benefit under your Contract. See your Contract for specific details.

Variable Annuities

- For contracts without a Living Benefit Rider, you may specify the subaccount within the Special Instructions section that is to be used for the distribution. If there are not sufficient funds in the specified subaccount to cover the requested amount, the remaining distribution will be deducted proportionately from the remaining allocations in your Contract.
- The ***Estate Lock***℠ death benefit will terminate if there is a withdrawal taken prior to the minimum age requirement or the account value is reduced to $0. Protected Annual Income payments/withdrawals do not decrease the death benefit. Excess withdrawals reduce the death benefit. See your Contract for specific details.
- For contracts with a Long-Term Care (LTC) Benefits Rider, withdrawals (other than withdrawals for LTC Benefits) that reduce the Account Value to zero, will cause the Contract and the LTC Rider to terminate. No LTC Benefits (including any paid-up long-term care coverage) shall be payable except as provided under the Optional Nonforfeiture Benefit provision, if elected.

Index-Linked Annuity and Index-Linked Variable Annuity Contracts

- Distribution from Indexed Accounts (other than on the End Date of a Term) is based on the Interim Value of each Segment. Withdrawals reduce the Crediting Base for each Segment proportionately by the amount that the withdrawal reduced the Interim Value. This may have a negative impact on the Segment Ending Value.
- For *Lincoln Level Advantage*℠: In the absence of instructions in the default is proportionately from all Variable Subaccounts, then all Indexed Accounts. To change the default, complete the Indexed Linked Variable Annuity Contracts Order of Distributions (*Lincoln Level Advantage* contracts only) section above. For *Lincoln Level Advantage* 2℠: distributions will first be from the GOP Holding Account, 100% Protection Level Indexed Account, then proportionately from 1-Year Indexed Accounts, then all multi-year terms.

Index-Linked Annuities (*Lincoln Level Advantage 2*® and *Lincoln Level Advantage 2 Income*℠)

- Any distribution will be made in the following order: first from the 100% protection Indexed Account, then from 1-year Indexed Accounts, and finally from multi-year Indexed Accounts, as applicable. You may also specify the Indexed Account(s) within the Special Instructions section that is to be used for the distribution.
- Contracts with joint owners only: If there is Account Value in the holding account that is temporarily used for any Guarantee of Principal death benefit payments paid into the Contract, withdrawals will be taken from this account first.

- Any distribution from an Indexed Account (other than on the Term end date) is based on the Interim Value of each Segment. Any withdrawal will reduce the Crediting Base for each Segment proportionately by the amount that the withdrawal reduced the Interim Value. This may have a negative impact on the Segment Ending Value.
- The ***Estate Lock***[SM] death benefit will terminate if the account value is reduced to $0. After the account value reduces to $0, a final payment will be made upon death equal to the initial premium less total Protected Annual Income payments, if that amount is greater than $0. Protected Annual Income payments/withdrawals do not decrease the ***Estate Lock***[SM] death benefit. Additional/Excess withdrawals, including withdrawals prior to income start, reduce the death benefit. See your Contract for specific details.
- For ***Lincoln Level Advantage 2 Income***[SM] contracts, the Protected Annual Income amount is based on your Account Value when you start income. Any withdrawals taken before you start income (before the Protected Annual Income) will reduce the Account Value and amount available for protected income.

Fixed and Fixed Indexed Annuities

- Distributions from the fixed account during a Contract Year will reduce the actual amount earned because of the interruption of interest compounding. Fixed accounts declared interest rates are expressed as annual effective interest rates.
- Distributions requests from any fixed indexed Contract will be withdrawn from the Fixed Account first. Only after the Fixed Account has been exhausted will any remaining withdrawals be made proportionally from the Indexed Accounts. Any distribution taken during the indexed term will forgo any earnings on that amount (any earnings are credited at the end of the indexed term).
- For *Lincoln Long-Term Care*[SM] Fixed Annuity contracts with Long-Term Care (LTC) Benefits Rider, withdrawals (other than withdrawals for LTC Benefits) that reduce the account value to zero, will cause the Contract and the LTC Rider to terminate and no LTC Benefits (including any paid-up long-term care coverage) shall be payable except as provided under the Optional Nonforfeiture Benefit provision, if elected.

Authorization and Signature

By signing below, I/We certify that I/We:

- Understand I/we should seek the advice of an attorney or tax advisor to determine whether there are tax implications of this distribution and whether there are any penalties before taking any distributions.
- Understand that the withdrawal and surrender features that are provided and described in detail in the Contract.
- Agree that if Direct Deposit is selected as the method of distribution, I/we authorize the Direct Deposit of the payment into the account identified on this form.
